

PROMOTIES

29 augustus 2024 - E.E. Siddig Francis

Developing and Implementing Molecular Diagnostic Tools for Mycetoma in Sudan

Promotoren: prof. dr. A. Verbon
en prof. dr. A.H. Fahal
Copromotoren: dr. W.W.J. van de Sande
en dr. S.M. Bakhiet
Erasmus MC Rotterdam, afd. Medische Microbiologie & Infectieziekten. University of Khartoum, Sudan

10 september 2024 - L. Bonci Cavalca

Bioactive Organic Compounds for Sustainable Citrus Canker Management

Promotoren: prof. dr. D.J. Scheffers
en prof. dr. P.J. Deuss
Rijksuniversiteit Groningen, afd. Moleculaire Microbiologie. Groningen Biomolecular Sciences and Biotechnology Institute

10 september 2024 - P. Ribó Molina

Novel infection models for Metapneumovirus-Host interactions

Promotor: prof. dr. R.A.M. Fouchier
Copromotor: dr. B.G. van den Hoogen
Erasmus MC Rotterdam, afd. Viroscience

11 september 2024 - R. Stemkens

Towards utilizing the full potential of old – but not outdated – drugs for tuberculosis and nontuberculous mycobacterial disease. A clinical pharmacological perspective

Promotor: prof. dr. R.E. Aarnoutse
Copromotoren: dr. L.H.M. te Brake
en dr. J. van Ingen
Radboud UMC Nijmegen, afd. Medische Microbiologie

16 september 2024 - P. Chakraborty

Bacterial membranes in life and death

Promotoren: prof. dr. D.J. Scheffers
en prof. dr. P. Olinga
Rijksuniversiteit Groningen, afd. Moleculaire Microbiologie. Groningen Biomolecular Sciences and Biotechnology Institute

16 september 2024 - M.L. Verburgh

Weighty Matters in HIV

Promotoren: prof. dr. P. Reiss en
prof. dr. M. van der Valk
Copromotoren: dr. F.W.N.M. Wit en
dr. N.A. Kootstra
Universiteit van Amsterdam/Amsterdam UMC,
afd. Interne Geneeskunde/Infectieziekten

19 september 2024 - A.Z. Mykytyn

SARS Coronavirus 2 Phenotypic Evolution

Promotor: prof. dr. M.P.G. Koopmans
Copromotor: dr. B.L. Haagmans
Erasmus MC Rotterdam, afd. Viroscience

23 september 2024 - G.G. Eikelenboom-Boskamp

Regional collaboration in Infection Prevention and Control, Antibiotic Resistance, and COVID-19 in Nursing homes

Promotoren: prof. dr. A. Voss en
prof. dr. H.F.L. Wertheim
Radboud UMC Nijmegen, afd. Afdeling Medische Microbiologie

PROMOTIES (vervolg)

24 september 2024 - E. Beshah

The ears of the hippopotamus: Epidemiology and infectivity of asymptomatic *P. falciparum* and *P. vivax* malaria infections in Ethiopia

Promotoren: prof. dr. J.T. Bousema
en prof. dr. B. Petros
Copromotoren: dr. E. Gadisa en dr. F.G. Tadesse
Radboud UMC Nijmegen, afd. Medische
Microbiologie.
Addis Ababa University, Ethiopia

24 september 2024 - S.K. Tebeje

Asymptomatic malaria in Ethiopia

Promotoren: prof. dr. J.T. Bousema
Copromotoren: dr. M.M. Jore en dr. F.G. Tadesse
Radboud UMC Nijmegen, afd. Medische
Microbiologie
